

BELLA FIGURA

Glacier Pendant Cluster

CL376-5

Collection Name

CONTOUR COLLECTION

This product is a completely custom version of our individual Glacier pendants, shown here in a 5 light cluster. We can make these to order in any formation with as many pendants hanging from the plate as requested. The flex is supplied in a standard length of 2 meters, which is adjustable when the light is being installed. The plate can be made in any shape and to any size desired and is also available in a number of metal finishes.
