## Glacier Pendant

CL376

Collection Name

**CONTOUR COLLECTION**

The finest quality English lead crystal is carved in a fashion that mimics the patterns etched into the weather beaten walls of glacial caves. Drawing on the Murano glass craft of 'Battuto' whose name itself derives from the Italian word for 'beaten', our Glacier pendant and table lamp have every facet carved out individually by our English crystal experts. Use them individually or make use of our customisation service to group several together for a completely individual look.
