## Rosetta Chandelier

**CL803**

Collection Name  
**VEGA COLLECTION**

Plates of embossed and gently bubbled glass create the angular but feminine form of Rosetta. This design has been inspired by the finely tuned Rosetta space probe which is slight and dainty in appearance. Echoing this lithe feat of engineering we created our Rosetta series with a minimum height under 30cm which makes it ideal for low ceilings and with four standard sizes on offer it is highly flexible for both grand and petite spaces.

The dimensions of the central supporting rod and ceiling rose are not included in the height measurements.  
The standard rod and ceiling rose is 50cm (20") high if not otherwise specified by the customer.  
This design can be made in custom sizes.

Please Note: Our chandeliers are not supplied with ceiling hooks. The ceiling rose, chain and rod specification will differ dependent on the weight of the chandelier. A qualified electrician must assess your ceiling structure and advise on the right fitting.
